LEGAL NOTICE
ADVERTISEMENT TO BIDDERS

Sealed proposals will be received at the Office of the Fairfield County Engineer; 3026 West Fair Avenue; Lancaster, Ohio 43130, until 11:45 a.m. local time on Monday, March 17, 2025, for furnishing all labor, materials, and equipment necessary to complete the project known as FAI-TR289-0.132 Hopewell Church Road Roadway Improvement Project, and at said time and place, publicly opened and read aloud.

Contract documents, bid sheets, plans, and specifications must be obtained via the web at www.co.fairfield.oh.us\Engineer or at said office for a non-refundable fee of \$15.00. To be considered a responsive and responsible bidder, bidder must be recorded on plan holders list at said office.

Each bidder is required to furnish with its proposal a Bid Guaranty and Contract Bond in accordance with Section 153.54 of the Ohio Revised Code. Bid security furnished in Bond form shall be issued by a Surety Company or Corporation licensed in the State of Ohio to provide said surety.

Each Proposal must contain the full name of the party or parties submitting the proposal and all persons interested therein. Each bidder must submit evidence of its experiences on projects of similar size and complexity. The Owner intends and requires that this project may not commence prior to June 2, 2025, and must be completed no later than October 10, 2025, with work being completed within a six (6) consecutive week period.

All Contractors and Subcontractors involved with the project will, to the extent practicable, use Ohio products, materials, services, and labor in the implementation of their project. Additionally, Contractor compliance with the Equal Employment Opportunity requirements of Ohio Administrative Code Chapter 123, Governor's Executive Order of 1972, and Governor's Executive Order 84-9 shall be required.

Bidders must comply with the Ohio Prevailing Wage Rates on this Public Improvement in Fairfield County, Ohio as determined by the Ohio Bureau of Employment Services, Wage and Hour Division, 614-644-2239.

The Board of Madison Township Trustees reserves the right to waive irregularities and to reject any or all bids.

INSTRUCTIONS TO BIDDERS

1. Receipt and Opening of Bids: The Board of Madison Township Trustees (herein called the "Owner"), invites bids on the form attached hereto, all blanks of which must be appropriately filled in. Bids will be received by the Owner at the office of the Fairfield County Engineer; 3026 West Fair Avenue; Lancaster, Ohio 43130 until 11:45 a.m. Monday, March 17, 2025, and then at 11:45 a.m. at said office publicly opened and read aloud. The envelopes containing the bids must be sealed, addressed to the Fairfield County Engineer, and designated as bid for the FAI-TR289-0.132 Hopewell Church Road Roadway Improvement Project.

The Owner may consider informal any bid not prepared and submitted in accordance with the provisions hereof and may waive any informalities or reject any and all bids. Any bid may be withdrawn prior to the above scheduled time for the opening of bids or authorized postponement thereof. Any bid received after the time and date specified shall not be considered. No bidder may withdraw a bid within thirty (30) days after the actual date of the opening thereof, subject to ORC Section 9.31.

2. Preparation of Bid: Each bid must be submitted on the prescribed Bid Proposal form and accompanied by a Bid Bond, Certified Check, or Letter of Credit, and the items listed under number 6. All blank spaces for bid prices must be filled in, in ink or typewritten, and the foregoing Certifications must be fully completed and executed when submitted.

Each bid must be submitted in a sealed envelope bearing on the outside the name of the bidder, his/her address, and the name of the project for which the bid is submitted. If forwarded by mail, the sealed envelope containing the bid must be enclosed in another envelope addressed as specified in the bid form.

3. Method of Bidding: The owner invites UNIT PRICE bids as indicated on the Bid Proposal, page 7.

If the lowest total responsive bid received exceeds the amount of funds available to finance the Contract, the Owner may:

- a. Reject all bids
 - b. Augment the funds available in an amount sufficient to enable award to the lowest responsive bidder or bidders
4. Bid Security: Each bid must be accompanied by cash, certified check of the bidder, or a bid bond prepared on the form of bid bond, Ohio Revised Code Section 153.54(C), duly executed by the bidder as principal and having as surety thereon a surety company approved by the Owner, in the amount of at least 10% of the bid. Such cash, checks, or bid bonds will be returned to all except the three lowest bidders within three days after the opening of bids, and the remaining cash, checks, or bid bonds will be returned promptly after the Owner and the accepted bidder have executed the Contract; or if no award has

been made within thirty (30) days after the date of the opening of bids, upon demand of the bidder at any time thereafter, so long as he/she has not been notified of the acceptance of his/her bid. Attorneys-in-fact who sign bid bonds or contract bonds must file with each bond a certified and effectively dated copy of their Power of Attorney.

Bid Guaranty and Contract Bonds shall meet the requirements of Section 153.54(B) of the Ohio Revised Code. The Bid Guaranty and Contract Bond must be signed by an authorized Agent or an acceptable Surety Bonding Company and by the Bidder. The document must be countersigned by a resident Agent of the bonding company as required by Section 5729.09 of the Ohio Revised Code. Bid Guaranties and Contract Bonds must be supported by credentials showing the Power of Attorney of the Agent.

5. Liquidated Damages for Failure to Enter into Contract: The successful bidder, upon his/her failure or refusal to execute and deliver the Contract and bonds required within ten (10) days after he/she has received notice to the acceptance of his/her bid, shall forfeit to the Owner, as liquidated damages for such failure or refusal, the security deposited with his/her bid, but not to exceed 10% of the total bid amount.
6. Notice of Special Conditions: Attention of the bidder is particularly called to those parts of the General Contract Conditions and other contract documents and specifications which deal with the following:

To be completed and filed with bid:
 - a. Bid Guaranty and Contract Bond
 - b. Non-Collusion Affidavit
 - c. Tax Statement
 - d. Form W-9, Request for Taxpayer ID Number and Certification
 - e. Bidder's Statement (Experience Record)
7. Conditions of Work: Each bidder must inform himself/herself fully to the conditions relating to the construction of the project and the employment of labor thereon.
8. Obligation of Bidder: At the time of the opening of bids, each bidder will be presumed to have inspected the site and to have read and to be thoroughly familiar with the plans and contract documents. The failure or omission of any bidder to examine any form, instrument, or document shall in no way relieve any bidder from any obligation in respect of his/her bid.
9. Examination of Site: Each bidder shall, and is hereby directed to inspect the entire site of the proposed work and judge for himself/herself as to all the circumstances affecting the cost and progress of the work and shall assume all patent and latent risks in connection therewith.

10. Additional Obligations upon Contract Award: Upon award of the Contract, but prior to execution of the final agreement and notice to proceed, the Contractor shall submit all the following documents, completed as required:
 - a. The Contract shall be executed by the successful bidder within ten (10) days following the Notice of Award
 - b. Acceptance of Notice of Award
 - c. 100% Performance and Payment Bond
 - d. Contractors Certificate of Insurance: The Contract shall acquire and maintain during the term of the Contract Bodily Injury and Property Damage Liability Insurance under a Standard Comprehensive General/Automobile Liability Policy which shall include coverage on all Contractor's Operations, Contractor's Protective (Sublet) Liability, Contractual Liability, Owned Automobiles and Non-Owned and Hired Automobiles. Any combination of underlying Comprehensive General/Automobile Liability Coverage with Umbrella/Excess Liability Coverage which provides no less than One Million Dollars (\$1,000,000) Single Limit Bodily Injury and Property Damage Liability Insurance for the Contractor will also be acceptable.
 - e. Contractor's Workers Compensation Certificate
 - f. Anti-Alcohol Drug Policy

11. Additional Obligations prior to Final Payment: Prior to final payment being made, the Contractor shall submit all the following documents, completed as required:
 - a. Affidavit of Contractor's Prevailing Wages
 - b. Affidavit of Lien Release

GENERAL CONDITIONS

Article 1: Definitions.

- (a) The Contract Documents consist of the General Conditions, General Specifications, Bid Proposal, Contract, Performance/Payment Bond, Certificates, Form of Non-Collusion Affidavit, Tax Statement, Bidder's Statement (Experience Record), Affidavit of Contractor Prevailing Wages, Anti-Alcohol Drug Policy, Request for Taxpayer ID Number and Certification (W-9), Prevailing Wage Determination, Affidavit of Lien Release, Declaration Regarding Material Assistance/Non-Assistance to a Terrorist Organization, and all modifications thereof incorporated into the documents before their execution or by supplemental agreement during performance of the Contract.
- (b) The Owner and the Contractor are those mentioned as such in the Contract. They are treated throughout the Contract Documents as if each were of the singular number and masculine gender.
- (c) The Engineer shall mean the Fairfield County Engineer or his duly appointed representative.
- (d) The term Subcontractor, as employed herein, includes only those having a direct contract with the Contractor and it includes those who furnish material worked to a special design according to the plans or specifications of this work, but does not include those who merely furnish material not so worked.
- (e) Written notice shall be deemed to have been duly served if delivered in person to the individual or to a member of the firm or to an officer of the corporation for whom it is intended, or if delivered at or sent by registered mail to the last business address known to him who gives the notice.
- (f) The term "work" of the Contractor or Subcontractor includes labor or materials or both, and equipment, transportation or other facilities necessary to complete the Contract.
- (g) All time limits stated in the Contract Document are of the essence of the Contract.
- (h) The law of the place of performance shall govern the construction of this Contract.
- (i) "The State" shall mean Fairfield County acting through its authorized representatives; "Department" shall mean the Fairfield County Engineering Department; "Director" shall mean the Fairfield County Engineer or his duly authorized representative and "Laboratory" shall mean the person or company designated by the Engineer to make tests of material and supplies.

Article 2. Correlation and Intent of Documents. The Contract Documents are complementary, and what is called for by one shall be as binding as if called for by all. The intention of the documents is to include all labor, materials, equipment and transportation necessary for the proper execution of the work. It is not intended, however, that materials, equipment, or work not covered by or properly inferable from any heading branch, class of trade or specifications shall be supplied unless distinctly so noted on the drawings. Materials or work described in works which so applied have a well-known technical or trade meaning shall be held to refer to such recognized standards.

Article 3. Supervision and Construction Procedures. The Contractor shall supervise and direct the work. He shall be solely responsible for all construction means, methods, techniques, safety, schedules, sequences, and procedures and for coordinating all portions of the work under the Contract. He shall, at all times, enforce strict discipline and good order among his employees and shall not employ on the work any unfit person or anyone not skilled in the task assigned to him. He shall be responsible to the Owner for the acts and omissions of his employees, Subcontractors and their agents and employees, and other persons performing any of the work under a contract with the Contractor. The Contractor will be responsible for carrying out the work in accordance with the Contract Documents and, whenever applicable, the referenced sections of the ODOT Construction and Material Specifications.

Article 4. Lines and Grades. The Contractor shall provide proper facilities and opportunities for setting lines and grades, which services shall be performed by the Contractor, unless otherwise stated in the Contract Documents.

The Contractor shall carefully preserve all bench marks, reference points and stakes which have been set by the Engineer, and, in case of willful or careless destruction of the same by the Contractor, he shall be charged with the resulting expense and shall be responsible for any mistakes which may be caused by the loss or disturbance of such bench marks, reference points and stakes.

Article 5. Supplemental Drawings and Specifications. The Engineer shall furnish with reasonable promptness additional instructions, by means of drawings or otherwise, necessary for the proper execution of the work. All such drawings and instructions shall be consistent with the Contract Documents, true developments thereof, and reasonably inferable therefrom. The work shall be executed in conformity therewith.

The Contractor and the Engineer, if either so requests, shall jointly prepare a schedule, subject to change from time to time in accordance with the progress of the work, fixing the dates at which the various detail drawings will be required, and the Engineer shall furnish them in accordance with that schedule. Under like conditions, a schedule shall be prepared, fixing the dates for the submission of shop drawings, for the beginning of manufacture and installation of materials and for the completion of the various parts of the work.

Article 6. Shop Drawings. The Contractor shall submit to the Engineer, directly or through the various equipment manufacturers, at least three (3) copies of all shop or setting drawings and schedules required for the work. The Contractor shall make any corrections in the drawings required by the Engineer and resubmit same without delay. The Engineer will determine the number of corrected copies to be furnished.

Article 7. Order of Completion. The Contractor shall submit at such times as may be requested by the Engineer, schedules showing the order in which the Contractor proposes to carry on the work and stipulating the dates on which several parts of the work will be started and completed.

Article 8. Drawings and Specifications on the Work. The Contractor shall keep at the site of the work and in good order, an approved copy of the plans and specifications, available to the Engineer or his representatives.

Article 9. Samples. The Contractor shall furnish for approval of the Owner or Engineer all samples as directed. The work shall be in accordance with approved samples.

Article 10. Contractor's Understanding. It is understood and agreed that the Contractor has, by careful examination, satisfied himself as to the nature and location of the work; the conformation of the ground; the character, quality and quantity of the materials to be encountered; the character of equipment and facilities needed preliminary to and during the prosecution of the work and the general and local conditions. No verbal agreement of conversation with any officer, agent or employee of the Owner, either before or after the execution of this Contract, shall affect or modify any of the terms or obligations herein contained.

If data giving the results of test borings is shown on the plans, such information shall be interpreted as indicative only of the character of the soil expected. If soil conditions are encountered which are not of a character which could reasonably have been expected by either party to the Contract, the contract price shall be adjusted on a mutually acceptable basis.

Article 11. Tools and Equipment. If at any time before the commencement of or during the progress of the work, tools or equipment appear to the Engineer to be insufficient, ineffective or inappropriate to secure the quality of work required or the proper rate of progress, the Engineer may require the Contractor to take such action as he deems necessary to ensure proper work results.

Article 12. Underground Utility Facilities. The Contractor's attention is directed to Section 153.64, Ohio Revised Code. Compliance by the Contractor three working days prior to digging or excavating is required.

Article 13. Traffic Control Devices. Throughout the course of the job, the Contractor shall be responsible for erecting and maintaining all gates, barricades and such other traffic control devices as may be required by the Ohio Manual of Uniform Traffic Control Devices.

Article 14. Royalties and Patents. The Contractor shall pay all royalties and license fees. He shall defend all suits or claims for infringement of any patent rights and shall save the Owner harmless from loss on account thereof, except that the Owner shall be responsible for all such loss when a particular process or the product of a particular manufacturer or manufacturers is specified; but if the Contractor has information that the process or article specified is an infringement of a patent, he shall be responsible for such loss unless he promptly gives such information to the Engineer and Owner.

Article 15. Surveys, Permits and Regulations. The Owner shall furnish all surveys unless otherwise specified. Permits and licenses of a temporary nature necessary for the prosecution of the work shall be secured and paid for by the Contractor. Permits, licenses and easements for permanent structures or permanent changes in existing facilities shall be secured by and paid for by the Owner, unless otherwise specified.

The Contractor shall give all notices and comply with all laws, ordinances, rules and regulations bearing on the conduct of the work as drawn and specified. If the Contractor observes that the drawings and specifications are at variance therewith, he shall promptly notify the Engineer in writing, and any necessary changes shall be adjusted as provided in the Contract for changes in the work. If the Contractor performs any work knowing is to be contrary to such laws, ordinances, rules and regulations, and without notice to the Engineer, he shall bear all costs arising therefrom.

Article 16. Protection of Work and Property. The Contractor shall provide and maintain protection of his work from damage and shall protect the Owner's property from injury or loss arising in connection with this Contract. He shall make good any damage done to his work through failure to provide adequate protection thereof and all other damage, injury or loss caused by his acts, negligence or carelessness. He shall adequately protect all adjacent property as required by law and shall be liable for all damage, injury or loss occasioned by his operations. He shall provide and maintain all passageways, guard fences, lights, watchmen and other facilities for the protection of property and persons required by public authority or local conditions.

Article 17. Inspection of Work. The Engineer and his representatives shall, at all times, have access to the work whenever it is in preparation or progress and the Contractor shall provide proper facilities for such access and for inspection.

Re-examination of questioned work may be ordered by the Engineer, and if so ordered, the work must be uncovered by the Contractor. If such work is found in accordance with the Contract Documents, the Owner shall pay the cost of re-examination and replacement. If such work be found not in accordance with the Contract Documents, the Contractor shall pay such cost, unless he shall show that the defect in the work was caused by another contractor, and in that event the Owner shall pay such cost.

Article 18. Correction of Work before Final Payment. The Contractor shall promptly remove from the premises all materials condemned by the Engineer as failing to conform to the Contract, whether incorporated into the work or not, and the Contractor shall promptly replace and re-execute his own work in accordance with the Contract, and without expense to the Owner and shall bear the expense of making good all work of other contractors destroyed or damaged by such removal or replacement.

If the Contractor does not remove such condemned work and materials within a reasonable time, fixed by written notice, the Owner may remove them and may store the material at the expense of the Contractor. If the Contractor does not pay the expenses of such removal within ten (10) days' time thereafter, the Owner may, upon ten (10) days' written notice, sell such materials at auction or at private sale and shall account for the net proceeds thereof, after deducting all the costs and expenses that should have been borne by the Contractor.

If the Engineer and Owner deem it expedient to correct work injured or done not in accordance with the Contract, an equitable deduction from the contract price shall be made therefore.

Article 19. Correction of Work after Final Payment. Neither the final certificate, nor payment, nor

any provision in the Contract Documents shall relieve the Contractor of responsibility for faulty materials or workmanship and, unless otherwise specified, he shall remedy any defects due thereto and pay for any damage to other work resulting therefrom, which shall appear with a period of one (1) year from the date of final completion. The Owner shall give notice of observed defects with reasonable promptness. All questions arising under this Article shall be decided by the Engineer, subject to arbitration.

Article 20. Superintendence: Supervision. The Contractor shall keep on his work during its progress, a competent superintendent and any necessary assistants, all satisfactory to the Engineer. The superintendent may be changed, for cause, by the Contractor, without approval of the Engineer, and shall be changed, on order of the Engineer, if found unsatisfactory. The superintendent shall represent the Contractor, in his absence and all directions given to him shall be as binding as is given to the Contractor. Important directions shall be confirmed in writing to the Contractor. Other directions shall be so confirmed on written request in each case. The Contractor shall give efficient supervision to the work, using the best skill and attention.

Article 21. Changes in the Work. Should it be deemed necessary in the execution of the work, by reason of any conditions or circumstances arising or discovered after the making of the Contract, to make any alterations desirable or necessary for the stability, safety, economy or betterment of the work, which alterations increase or decrease the quantities of the work specified, or change the location thereof to an extent not unreasonably affecting the conditions of the work and involving no classes of work other than those called for by this Contract, the Contractor shall, upon written order from the Engineer, to that effect, make such alterations. If such alterations diminish the quantity of work to be done, no claim for damages or for the anticipated profits on the work that may be dispensed with shall thereby accrue to the Contractor, and the value of the work dispensed which will not be included in any payments made to the Contractor.

The Owner, without invalidating the Contract, may order extra work or make changes by altering, adding to or deducting from the work. All such work shall be executed under the conditions of the original contract, except that any claim for extension of time caused thereby shall be adjusted at the time of ordering such change. Except in an emergency endangering life or property, no such extra work or change shall be made unless in pursuance of a written order from the Owner, and in accordance with a supplemental agreement between the Owner and the Contractor, authorizing the same, and no claim for an addition to the Contract sum shall be valid unless so ordered.

Adjustments, if any, in the amounts to be paid to the Contractor by reason of any such variations, extra work or changes shall be determined by one or more of the following methods:

- (a) By such applicable unit prices, if any, as are set forth in the Contract; or
- (b) If no such unit prices are so set forth, then by a lump sum and/or unit price mutually agreed upon by the Owner and the Contractor; or
- (c) If no such unit prices are so set forth, and if the parties cannot agree upon a lump sum and/or unit price, then by actual net cost in money, to the Contractor, of the materials and of the wages of applied labor, (including premium for worker's compensation insurance, State and Federal taxes) required for such change, addition of deduction, plus such rental for plant and equipment (other than small tools) required and approved for such extra work, allowances made to Subcontractors to cover the cost of the extra work, special temporary structures, special machinery, equipment, tools and other expense not contemplated by the Contract, plus five percent (5%) of the cost of such material and labor, as compensation for all other items of profit and cost or expense, including administration overhead, superintendence, insurance (other than workers' compensation insurance), materials used in temporary structures, allowances made by the Contractor to the subcontractors, additional premium upon the performance bond of the Contractor and the use of small tools.

Article 22. Claim for Extra Cost. If the Contractor claims that any instructions by drawings or otherwise involve extra cost under this Contract, he shall give the Engineer written notice thereof before proceeding to perform the work or as soon as possible thereafter, except in an emergency endangering life or property, and the procedure shall then be as provided for changes in the work. No such claim shall be valid unless so made. Payments for extra work, after approval by the Owner, will be made in accordance with the provisions of Articles 19 and 21.

Article 23. Liquidated Damages. It is expressly agreed that the Contractor shall be liable to the Owner because of his failure to comply with the terms of this article. It is mutually agreed by and between the parties hereto, that time is an essential part of this Contract, and that, if the Contractor fails to complete his work within the time specified, he shall pay to the Owner the sum as noted in the Contract for each and every calendar day during which the completion of this Contract shall be delayed beyond the time specified herein for such completion.

It is agreed by and between the parties, that inasmuch as the damages which will be sustained by the Owner, in the event that said Contractor fails to perform the work herein specified in the time herein set forth, are for extra engineering and inspection costs, for damages to the Owner caused by the delay in the use of the improvements, for delay caused to other work by failure to perform this Contract, and other elements, some of which are indefinite and insusceptible for easy proof, that the sum above specified for which are indefinite and insusceptible for easy proof, that the sum above specified for each day's delay shall be considered as liquidated damages and not as penalty, and shall become due said Owner as Payment for damages sustained by it because of the failure of said Contractor to perform the work herein specified as herein provided, (See Contract, Article V).

Article 24. Delays and Extension of Time. If the Contractor is delayed at any time in the progress of the work by any act or neglect of the Owner or the Engineer, or of any employee of either, or by any separate contractor employed by the Owner, or any changes ordered on the work or by strikes, lockout, fire, unusual delay in transportation, unavoidable casualties or any causes beyond the Contractor's control, or by delay authorized by the Engineer pending arbitration, or by any cause which the Engineer shall decide to justify the delay. Then the time of completion shall be extended for such reasonable time as the Engineer may decide and the Owner approve.

No such extension shall be made for delay occurring more than seven (7) days before claim therefore is made in writing to the Engineer. In the case of a continuing cause of delay, only one claim is necessary.

If no schedule or agreement stating the dates upon which drawings shall be furnished is made, then no claim for delay shall be allowed on account of failure to furnish drawings until two (2) weeks after demand for such drawings and not then unless such claim be reasonable.

This article does not exclude the recovery of damages for delay by either party under other provisions in the Contract Documents.

Article 25. Suspension of Work. The Owner may at any time suspend the work, or any part thereof, by giving three (3) days' written notice to the Contractor. The work shall be resumed by the Contractor within a reasonable time after the date fixed in a written notice from the Owner to the Contractor so to do. The Owner shall reimburse the Contractor for expense incurred by the Contractor in connection with the work, under this Contract, as a result of such suspension, unless such suspension is ordered by reason of the refusal of the Contractor to comply with the terms of the Contract. But if the work or any part thereof shall be stopped by the notice in writing aforesaid, and if the Owner does not give notice in writing to the Contractor to resume work at a date within thirty (30) days of the date affixed in the written notice to suspend, then the Contractor may abandon that portion of the work so suspended and he will be entitled to the estimates and payments for all work done on portions so abandoned, if any.

Article 26. Owner's Right to do Work. If the Contractor shall neglect to prosecute the work properly or shall fail to perform any provision of this Contract, the question of neglect, propriety of manner of doing the work, or failure to perform shall be determined by the Engineer, either of his own volition or upon submission of such question to the Owner, and if the Engineer determines that the work is not being prosecuted properly or that the Contractor has failed to perform any provision of the Contract, the Owner may upon three (3) days' written notice to the Contractor and without prejudice to any other remedy he may have, make good such deficiencies and may deduct any cost thereof or any loss or expense otherwise incurred thereby from the payments then and/or thereafter due the Contractor.

Article 27. The Owner's Right to Terminate Contract. If the Contractor should be adjudged bankrupt, or if he should make a general assignment for the benefit of his creditors, or if a receiver should be appointed on account of his insolvency or if he would persistently or repeatedly refuse or should fail, except in

cases for which extension of time is provided, to supply enough properly skilled workers or proper materials, or if he should fail materials, or if he should fail to make prompt payments to Subcontractors or for material or labor, unless such payment is made within the period of such notice, or persistently disregard laws, ordinances, or the instructions of the Engineer, or otherwise be guilty of a substantial violation of any provision of the Contract, then the Owner, upon the certificate of the Engineer that sufficient cause exists to justify such action, may without prejudice to any other right or remedy and after giving the Contractor seven (7) days' written notice, terminate the employment of the Contractor and take possession of the premises and of all materials, tools and appliances thereon and finish the work by whatever method he may deem expedient.

In such cases, the Contractor shall not be entitled to receive any further payment until the work is finished. If the unpaid balance of the Contract price shall exceed the expense of finishing the work, including compensation for additional managerial and administrative services, such excess shall be paid to the Contractor. If such expenses shall exceed such unpaid balance, the Contractor shall pay the difference to the Owner. The expense incurred by the Owner as herein provided, and the damage incurred through the Contractor's default, shall be certified by the Engineer.

Article 28. Contractor's Right to Stop Work or Terminate Contract. If the work should be stopped under an order of any court, or other public authority, for a period of three months, through no act or fault of the Contractor, or of anyone employed by him, or if the Engineer should fail to issue any estimate for payment within seven (7) days after it is due, or if the Owner should fail to pay the Contractor within seven (7) days of its maturity and presentation, any sum certified by the Engineer or awarded by arbitrators, then the Contractor may, upon seven (7) days' written notice to the Owner and the Engineer, unless such payment is made within the period of such notice, stop work or terminate this Contract and recover from the Owner payment for all work executed and any loss sustained upon any plant or materials and reasonable profit and damage.

Article 29. Removal of Equipment. In the case of annulment of this Contract before completion from any cause whatever, the Contractor, if notified to do so by the Owner shall promptly remove any part or all of his equipment and supplies from the property of the Owner, failing which the Owner shall have the right to remove such equipment and supplies at the expense of the Contractor.

Article 30. Payments.

Monthly Estimates. Approximately monthly during construction, the Engineer will estimate approximately the amount of work completed and usable materials delivered and the value thereof according to the terms of this Contract, and ninety-five percent (95%) of the amount so determined less previous payments, shall be paid to the Contractor within forty-five (45) days of the above date. The five percent (5%) withheld on monthly estimates will be retained by the Owner until completion of the Contract as a guarantee that the Contractor will faithfully perform and completely fulfill the obligations and conditions imposed by this Contract, and will pay any damages caused the Owner by reason of any failure on his part to fulfill any or all of said obligations or conditions.

Final Estimate. When in the opinion of the Engineer, all the work contemplated by this Contract is completed, he shall measure up said work and prepare a final estimate of the same. And the Owner shall, within forty-five (45) days after receiving the said final estimate, make payment of ninety-five percent (95%) of the amount of said estimate less previous payments to the Contractor, excepting such sums as may lawfully be retained under the terms of this contract, and provided that all the terms of this Contract have been complied with by said Contractor.

Repairs. The Contractor shall keep the work in good repair for a period of six (6) months after date of the final estimate and shall correct and repair promptly during that time all defective work and material of whatever description; and shall deliver the work in all respects in good condition at the end of that time. It is, however, expressly agreed that in any case where any break or failure is a menace to person or property and is not immediately repaired by the Contractor, the Owner may have made under his own direction such repairs as are reasonably necessary, the cost of such repairs to be deducted from money due the Contractor on the completion of the Contract.

Retainer. The Owner shall be and is hereby authorized to retain out of the money payable to said Contractor under this agreement, the sum of five percent (5%) on the amount of Contract and to expend the same in making such repairs of the said work as the Engineer may deem necessary in case such repairs are neglected by the Contractor after reasonable notice.

Final Payment. The Owner hereby further agrees that the said Contractor shall be entitled to receive the whole or part of the above mentioned sum as may remain after the expense of making such repairs as shall have been therefrom, in accordance with the following time schedule:

Three (3) months after inspection and final acceptance by the Owner

The acceptance by the Contractor of such final payment shall operate as and shall be a release to the Owner and all officers or agents thereof from all claim and liability to the Contractor for any reason whatsoever.

Article 31. Contractor's Liability Insurance. The Contractor shall furnish evidence to the Owner that, with respect to the operations he performs, he carries regular Contractor's Public Liability Insurance providing for a limit of not less than \$300,000.00 for all damages arising out of bodily injuries, including accidental death to one person, and subject to that limit for each person, a total limit of \$1,000,000.00 for all damages arising out of bodily injuries, including accidental death to two or more persons in any one occurrence.

Article 32. Indemnity. The Contractor shall furnish evidence to the Owner of Contractor's Property Damage Liability Insurance providing for a limit of not less than \$300,000.00 for all damages arising out of injury to or destruction of property in any one accident and subject to that limit per accident, a total (or aggregate) limit of \$1,000,000.00 for all damage arising out of injury to or destruction of property during the policy period.

Article 33. Fire Insurance. The Contractor shall secure, pay for and maintain until the final acceptance of the Contract by the Owner, in the name of the Owner, policies of fire insurance (including extended coverage) which shall be satisfactory to the Owner. The insurance shall be written in an amount satisfactory to the solicitor of the Owner and shall be payable to the Owner for the benefit of the Contractor.

Article 34. Bid Bond. A Bid Bond, certified check, cashiers check, or a letter of credit equal to 10% of the Bid shall be deposited with the Bid. A letter of credit may only be revocable by the County. Upon entering into a Contract with the County, the Contractor must comply with Article 35 of these General Conditions. After the Contract is finalized, all Bid Bonds will be returned to all Bidders.

Article 35. Guaranty Bonds. The Contractor shall furnish a Payment and Performance Bond or Bonds in the amount of one hundred percent (100%) of the Contract price covering the faithful performance of the Contract and the payment of all obligations arising thereunder, with security satisfactory to the Owner.

The Payment and Performance Bond shall also serve as a guarantee against defective material and workmanship in the said work covered by said Contract, provided however, that no suit, action or proceeding by reason of any defect whatever shall be brought upon this bond after one (1) year following the date of final acceptance of the work by Fairfield County, Ohio.

Article 36. Damages. Any claim for damage, arising under this Contract, against either party to this Contract because of any wrongful act or neglect on the part of the other party or anyone employed by him shall be adjusted by agreement or arbitration except as expressly stipulated otherwise in the case of faulty work or materials. Claims for such alleged damage must be filed in writing within ten (10) days after the first observance of such alleged damage and in no event later than the time of the final acceptance of the Contract.

Article 37. Liens. Neither final payment nor any part of the retained percentage shall become due and payable to the Contractor until he has furnished a sworn statement to the Owner stating that all bills for material and labor incurred by the Contractor in connection with the Contract have been fully paid by the Contractor. If any lien or other claim against the Contractor should subsequently be filed with the Owner, the Contractor shall relieve the Owner of all responsibility in connection with said claim and shall promptly pay the claim or otherwise satisfactorily adjust the same.

Article 38. Assignment. Neither party to the Contract shall assign the Contract or sublet it as a whole without the written consent of the other, nor shall the Contractor assign any monies due or to become due to him hereunder, without the previous written consent of the Owner. The Contractor shall not subcontract more than 70% of the General Contract.

Article 39. Subcontracts. The Contractor shall, as soon as practicable after the award of the Contract, notify the Engineer in writing of the names of Subcontractors proposed for the work and shall not employ any that the Engineer may within a reasonable time object to as incompetent or unfit.

The Contractor agrees that he is fully responsible to the Owner for the acts and omissions of his subcontractors and of persons either directly or indirectly employed by them, as he is for the acts and omissions of persons directly employed by him.

Nothing contained in the Contract Documents shall create any contractual relationship between any subcontractor and the Owner.

Article 40. Relations of Contractor and Subcontractor. The Contractor agrees to bind every Subcontractor and said Subcontractor agrees to comply with all of the terms and conditions of this Contract and perform the work in accordance with the drawings and specifications insofar as they apply to his work.

Article 41. Separate Contracts. The Owner reserves the right to enter into other contracts in connection with his work and the Contractor is cautioned that he will be required to coordinate his work in such a manner as to cause a minimum of interference with the work of any other contractor and as dictated by general practice and orderly procedure.

The Contractor shall promptly report in writing to the Engineer, with supporting sketches, any defects in the work of any other contractor which will affect the proper performance or execution of the work of the Contractor. Failure to so report in writing will constitute an acceptance of the other contractor's work.

Article 42. Rights of Various Interests. Whenever work being done by the Owner's forces or by other contractors is contiguous to work covered by this Contract, the respective rights of the various interests involved shall be established by the Engineer, to secure the completion of the various portions of the work in general harmony.

Article 43. Cleaning Up. The Contractor shall, as directed by the Engineer, remove from the Owner's property and from all public and private property at his own expense all temporary structures, rubbish and waste materials resulting from the operations. In case of a dispute, the Owner or the Engineer acting for the Owner may cause the removal of all rubbish, materials and equipment charging the same to the Contractor and deducting the amount from the final estimates due said Contractor at the completion of the work.

Article 44. Materials, Services and Facilities. It is understood that, except as otherwise specifically stated in the Contract documents, the Contractor shall provide and pay for all materials, labor, tools, equipment, water, light, power, transportation, superintendence, temporary construction of every nature, and all other services and facilities of every nature whatsoever necessary to execute, complete, and deliver the work within the specified time.

Any work necessary to be performed after regular working hours, on Sundays or legal holidays, shall be performed without additional expense to the Owner.

Article 45. Materials Referred to by Name - by Number. Specific reference in the Contract Documents to any article, device, product, material, fixture, form, or type of construction, etc., by name, make

or catalogue number shall be interpreted as establishing a standard of quality and shall not be construed as limiting competition, and the Contractor, in such cases, may at his option use any article, device, product, or material, fixture, form, or type of construction which in the judgment of the Owner expressed in writing is equal to that named.

Specifications referred to by number in the Specifications for the work are "Standard Specifications," including the latest current revisions and addenda, in effect on the date of issue of the Specifications referenced for the work. Materials specified for the work shall conform to the technical requirements of the respective specifications referred to. Specifications are not furnished to bidders, for the reason that they are prepared in collaboration with the material producers who are assumed to be familiar with their requirements.

Article 46. Indemnification. The Contractor will indemnify and hold harmless the Owner and the Engineer and their agents and employees from and against all claims, damages, losses and expenses including attorney's fees arising out of or resulting from the performance of the work, provided that any such claims, damage loss or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property including the loss of use resulting therefrom; and is caused in whole or in part by any negligent or willful act or omission of the Contractor, and Subcontractor, anyone directly employed by any of them or anyone for whose act any of them may be liable.

In any and all claims against the Owner or the Engineer and their agents and employees, by any employee of the Contractor, and Subcontractor, anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable, the indemnification obligation shall not be limited in any way by any limitation of the amount or type of damages, compensation or benefits payable by or for the Contractor or any Subcontractor under workman's compensation acts, disability benefits acts or other employee benefits acts.

The obligation of the Contractor under this paragraph shall not extend to the liability of the Engineer, his agents or employees arising out of the preparation or approval of maps, drawings, opinions, reports, surveys, change orders, designs or specifications.

Article 47. Compensation and Employees' General Liability Insurance: The Contractor shall procure and shall maintain during the life of this Contract, Workers' Compensation Coverage for all of his employees to be engaged in work under this Contract; and in case any such work is sublet, the Contractor shall require the Subcontractor similarly to provide Workers' Compensation Coverage for all of the latter's employees to be engaged in such work, unless such employees are covered by the protection afforded by the Contractor's Workers' Compensation Coverage. In case any class of employees is engaged in hazardous work protected under the Workers' Compensation statute, the Contractor shall provide and shall cause each Subcontractor to provide Employer's General Liability Insurance for the protection of his employees not otherwise protected

Article 48. Bid Proposal. This Article 48 shall apply only when the Form entitled "Bid Proposal" is included. The Bidder is required to fill in under the "Unit Price" column, a unit price for each item for each there is a quantity given in the "Estimated Quantity" column. The gross sum of the totals in the "Total Cost" column shall equal the sum bid for the work.

The unit prices specified in the "Unit Price" column as extended by the "Estimated Quantity" given will govern the award of the Lump Sum Contract.

The Bidder shall make the extensions in the "Total Cost" column and also add up the totals. However, the unit prices specified, together with the quantities listed, shall determine the total amount of the Bid. If there is an error made in the extensions by the Bidder, the total shall be changed as only the unit prices shall govern.

The quantities in the "Estimated Quantity" column are those given in the Engineer's estimate and are those which will be used in determining the total amount of each Bid for this improvement and for the purpose of determining the lowest Bid. The Bidder shall give a unit price for each item listed on the Bid Proposal. Failure to do so may render the Bid informal, at the discretion of the Engineer.

Article 49. Resolution of Claims.

A. Engineer's Decision Required: All disputed Claims shall be referred to the Engineer for decision. A decision by Engineer shall be required as a condition precedent to any exercise by Owner or Contractor of any rights or remedies either may otherwise have under the Contract Documents or by Laws and Regulations in respect of such Claims.

B. Notice: Written notice stating the general nature of each Claim shall be delivered by the claimant to Engineer and the other party to the Contract promptly (but in no event later than 30 days) after the start of the event giving rise thereto. The responsibility to substantiate a Claim shall rest with the party making the Claim. Notice of the amount or extent of the Claim, with supporting data shall be delivered to the Engineer and the other party to the Contract within 60 days after the start of such event (unless Engineer allows additional time for claimant to submit additional or more accurate data in support of such Claim). Each Claim shall be accompanied by claimant's written statement that the adjustment claimed is the entire adjustment to which the claimant believes it is entitled as a result of said event. The opposing party shall submit any response to Engineer and the claimant within 30 days after receipt of the claimant's last submittal (unless Engineer allows additional time).

C. Engineer's Action: Engineer will review each Claim and, within 30 days after receipt of the last submittal of the claimant or the last submittal of the opposing party, if any, take one of the following actions in writing: 1.) deny the Claim in whole or in part; 2.) approve the Claim; or 3.) notify the parties that the Engineer is unable to resolve the Claim if, in the Engineer's sole discretion, it would be inappropriate for the Engineer to do so. For purposes of further resolution of the Claim, such notice shall be deemed a denial.

D. In the event that Engineer does not take action on a Claim within said 30 days, the Claim shall be deemed denied.

E. Engineer's written action under Paragraph C or denial pursuant to Paragraphs C(3) or D will be final and binding upon Owner and Contractor, unless Owner or Contractor gives written notice to the other party of the intent to submit the Claim to a court of competent jurisdiction located in Fairfield County, Ohio, within 30 days of such action or denial.

F. No Claim for an adjustment in Contract Price or Contract Times will be valid if not submitted in accordance with this Paragraph.

GENERAL SPECIFICATIONS

This project includes all work items as set forth on the bid proposal and plans. The Bid Proposal, Plans, Specifications, Notice and Instructions to Bidders, General Conditions, Required Contract Provisions and General Specifications shall be considered as part of the Contract. The Bid Award shall be based upon total contract price as set forth in the Bid Proposal. Unit prices will be used for purposes of additions or deletions during construction.

All Labor and Materials shall be in accordance to referenced Items of the State of Ohio, Department of Transportation, Construction and Material Specifications dated January 1, 2023, including Supplemental Specification 800 dated January 17, 2025, and Road and Bridge Standard Drawings from the Ohio Department of Transportation for all details except as noted on the plans. Said referenced specifications and standard drawings are hereby made a part of the Contract. All work shall be performed to the satisfaction of the Fairfield County Engineer before payment is made.

The Engineer's estimate is \$165,661.20.

If applicable, existing plans or subsurface investigations will be made available upon request.

DOMESTIC STEEL USE REQUIREMENTS AS SPECIFIED IN SECTION 153.011 OF THE REVISED CODE APPLY TO THIS PROJECT. COPIES OF SECTION 153.011 OF THE REVISED CODE CAN BE OBTAINED FROM ANY OF THE OFFICES OF THE DEPARTMENT OF ADMINISTRATIVE SERVICES.

Bidders must be pre-qualified with the Ohio Department of Transportation.

Contractor shall hold the County of Fairfield, the Board of Madison Township Trustees, the Fairfield County Commissioners, and the Fairfield County Engineer free and harmless from all claims arising from any accident or occurrences as a result of the Contractor's operations in the performance of the herein described work. Said Contractor shall have proper insurance with minimum limits of \$500,000 for each person and \$1,000,000 for each accident.

The Contractor is to provide for the payment of the Ohio Prevailing Wage Rates to all employees and is to provide the Fairfield County Engineer with a certified copy of each payroll.

All construction operations shall not commence prior to June 2, 2025 and must be completed no later, in any case, than October 10, 2025, with work to be completed within a six (6) consecutive week period, unless an extension of time has been granted. Construction conditions and/or weather may require extension of the completion date.

All work shall be coordinated and scheduled with the Fairfield County Engineer.

At the completion of the project, an Affidavit of Contractor Prevailing Wages, as provided, shall be filed with the Fairfield County Engineer's Office for the Contractor and any sub-contractors used prior to final payment.

The Contractor shall comply with the State of Ohio Equal Employment Opportunity Requirements and Bid Conditions included with this bid package.

Bidders are advised that the following utility facilities may not be cleared from the construction area at the time of the award of the contract. These utility facilities shall remain in place or be relocated within the construction limits of the project as set out below. **Winning Bidder shall contact the Utility Coordinator Jeff Camechis (740-652-2372, cell 740-808-7473) four (4) weeks prior to construction so he can assure relocation work is done.**

Frontier – Overhead/Buried Telephone Lines

The company has existing overhead and buried telephone lines on the east and west sides being relocated for the project. Care shall be taken by the Contractor not to damage the lines during construction.

South Central Power – Overhead/Buried Power Lines

The company has existing overhead and buried electric lines on the east and west sides being relocated for the project. Care shall be taken by the Contractor not to damage the lines during construction.

Point Broadband - Cable Lines

There are buried cable lines on the west side of the project. Care shall be taken by the Contractor not to damage the lines during construction.

The Contractor shall cooperate with all utilities located within the limits of this construction project and take responsibility for the protection of the utility property and services.

CONTRACT

This Contract, made this _____ day of _____, 2025, between the Board of Madison Township Trustees, hereinafter called the Owner, and _____ and its successors, executors, administrators and assigns, hereinafter called the Contractor.

WITNESSETH: That the Owner and the Contractor for the consideration stated herein agree as follows:

ARTICLE I: Scope of the Work - The Contractor shall perform within the time stipulated, the Contract as herein defined of which this agreement is a component part and everything required to be performed and shall provide and furnish any and all of the labor and materials together with all tools, equipment and all utility and transportation services necessary to perform the Contract and complete in a workmanlike manner all the work covered by the Contract in connection with the Owner's Project identified as: FAI-TR289-0.132 Hopewell Church Road Roadway Improvement Project in strict conformity with the Proposal, Plans, and Specifications including any and all Addenda issued by the Owner with the other Contract Documents.

It is agreed that said labor, materials, tools, equipment, and services shall be furnished by the Contractor and the Contract performed and completed under the direction and supervision and subject to the approval of the Owner or its authorized representatives.

ARTICLE II: Unit Prices - The Owner shall pay to the Contractor, as full consideration for performance of the Contract, an amount computed upon the basis of the Quantity of work actually performed at the unit price bids in the Proposal Form.

It is understood that the quantities stated for the unit price bids are approximate only and are subject to either increase or decrease; and should the quantity of any item of the unit price work be increased, the Contractor shall perform the additional work at the unit price bid in the Proposal, and should the quantity be decreased, payment will be made on actual quantities completed at the unit price bid in the Proposal, and the Contractor will make no claim for anticipated profits for any decrease in quantities. Actual quantities will be determined upon completion of the work.

ARTICLE III: Performance Bond - The Contractor shall furnish an acceptable Performance Bond in the amount of One Hundred Percent (100%) of the amount Bid at the time of signing of this Contract.

ARTICLE IV: Prevailing Wage - The Contractor shall pay the Prevailing Wage on this Contract and in accordance with all Prevailing Wage Laws in this area.

ARTICLE V: Failure to Complete on Time - If the Contractor fails to complete the work within the time allowed, not to commence prior to June 2, 2025 and must be completed not later than October 10, 2025, with work being completed within a six (6) consecutive week period, the Owner for each Calendar Day that any work shall remain uncompleted after the Contract completion date shall charge liquidated damages, from money due the Contractor, per the State of Ohio Department of Transportation Construction and Material Specifications Book specified in the General Specifications document included with this contract. The Owner may waive such portions of the liquidated damages as may accrue after the work is in condition for safe and convenient use by the Public.

ARTICLE VI: The Contractor covenants and agrees that this Contract shall consist of the documents as listed below which are attached hereto, incorporated herein by reference and made a part hereof:

- The Contract
- The Construction Plans
- The Bid Proposal

OPWC PROPOSAL NOTES – For insertion into Bid Documents (Rev 10/23)

1. STEEL PRODUCTS MADE IN THE UNITED STATES

Domestic steel use requirements as specified in Ohio Rev. Code §153.011, <https://codes.ohio.gov/ohio-revised-code/section-153.011>, apply to this project.

2. PREVAILING WAGES ON STATE PROJECTS WITH NO FEDERAL-AID (Should this project contain Federal-aid funds then Federal Prevailing Wages must be paid. Contact the appropriate Federal funding agency for language.)

This contract is subject to Ohio Prevailing Wage Laws, Ohio Rev. Code Chapter 4115 and the Prime Contractor and all subcontractors shall comply with all provisions contained therein or as otherwise provided by this note. The Prime Contractor guarantees that the prevailing wage scale to be paid to all laborers and mechanics employed on this contract shall be in accordance with the schedule of the prevailing hourly wage and fringe benefits as determined by the Ohio Department of Commerce for the county in which the work is being performed. The failure to pay prevailing wages to all laborers and mechanics employed on this project shall be considered a breach of contract. Such a failure may result in the revocation of the Prime Contractor's and/or subcontractor's certificate of qualification and debarment. A schedule of the most current prevailing wage rates may be accessed by registering with the Ohio Department of Commerce, Labor and Worker Safety Division, Wage and Hour Bureau at the following web address: <https://wagehour.com.ohio.gov/w3/webwh.nsf/wrlogin/?openform>.

The Prime Contractor and all subcontractors shall compensate the employees on this contract at a pay rate not less than the hourly wage and fringe rate listed on the website noted above, for the applicable job classification or as may be modified by the Ohio Department of Commerce, Division of Labor and Worker Safety Wage and Hour Bureau, when new prevailing rates are established.

Overtime shall be paid at one and one-half times the basic hourly rate for any hours worked beyond forty hours during a pay week. The Prime Contractor and all subcontractors shall pay all compensation by company check to the worker and fringe benefit program.

The wage and fringe rates determined for this project or as may be later modified, shall be posted by the Prime Contractor in a prominent and accessible place on the project, field office, or equipment yard where they can be easily read by the workers or otherwise made available to the workers. On the first pay date of contract work the Prime Contractor and all subcontractors shall furnish each employee covered by prevailing wage a completed form (WHPW-1512) in accordance with Ohio Rev. Code § 4115.05, showing the classification, hourly pay rate, and fringes, and identifying the public authority's Prevailing Wage Coordinator, if such employees are not covered by a collective bargaining agreement or understanding between employers and bona fide organizations of labor. These forms shall be signed by the Prime Contractor or subcontractor and the employee and kept in the Prime Contractor's or subcontractor's payroll files.

The Prime Contractor shall submit to the Prevailing Wage Coordinator, certified payrolls for Prime Contractor and all subcontractors on form WHPW-1512 or equivalent, in accordance with Ohio Rev. Code Sections 4115.07 and 4115.071(C), three weeks after the start of work and every subsequent week until the completion of the contract. Additionally, a copy of the "Apprentice Certification" obtained from the Ohio State Apprenticeship Council, must accompany all certified payrolls submitted, for all apprentices working on this project. Upon completion of the contract and before the final payment, the Prime Contractor shall submit to the Prevailing Wage Coordinator a final wage affidavit in accordance with Ohio Rev. Code § 4115.07 stating that wages have been paid in conformance with the minimum rates set forth in the contract. Please be aware that it is ultimately the responsibility of the Prime Contractor to ensure that all laws relating to prevailing wages in Ohio Rev. Code Chapter 4115 are strictly adhered to by all subcontractors.

The Prime Contractor and all subcontractors shall make all its payroll records available for inspection, copying or transcription by any authorized representative of the contracting agency. Additionally, the Prime Contractor and all subcontractors shall permit such representatives to interview any employees during working hours while the employee is on the job.

3. UNRESOLVED FINDING FOR RECOVERY

The Prime Contractor affirmatively represents to the local contracting authority that it is not subject to a finding for recovery under Ohio Rev. Code § 9.24, or that it has taken the appropriate remedial steps required under §9.24 or otherwise qualifies under that section. The Prime Contractor agrees that if this representation is deemed to be false, the contract shall be void ab initio as between the parties to this contract, and any funds paid by the state hereunder shall be immediately repaid to the local contracting authority, or an action for recovery may be immediately commenced by the local government and/or for recovery of said funds.

4. OHIO WORKERS' COMPENSATION COVERAGE

The Prime Contractor must secure and maintain valid Ohio workers' compensation coverage until the project has been finally accepted by the local contracting authority. A certificate of coverage evidencing valid workers' compensation coverage must be submitted to the local contracting authority before the contract is executed.

The Prime Contractor must immediately notify the local contracting authority, in writing, if it or any subcontractor fails or refuses to renew their workers' compensation coverage. Furthermore, the Prime Contractor must notify the local contracting authority, in writing, if its or any of its subcontractor's workers' compensation policies are canceled, terminated or lapse.

The failure to maintain valid workers' compensation coverage shall be considered a breach of contract which may result in the Prime Contractor or subcontractor being removed from the project, withholding of pay estimates and/or termination of the contract.

5. DRUG-FREE WORKPLACE PROGRAM

In accordance with Ohio Rev. Code §153.03 and during the life of this project, the Prime Contractor and all its Subcontractors that provide labor on the Project site must be enrolled in and remain in good standing in the Ohio Bureau of Worker's Compensation ("OBWC") Drug-Free Workplace Program ("DFWP") or a comparable program approved by the OBWC.

6. OHIO PREFERENCE

In accordance with Ohio Rev. Code §164.05 (A)(6), to the extent practicable, the Prime Contractor and subcontractor shall use Ohio products, materials, services, and labor in connection with this project.

7. BID GUARANTY

In accordance with Ohio Rev. Code §153.54, the Prime Contractor shall file with the bid a bid guaranty in the form of either: 1) a bond for the full amount of the bid, or 2) a certified check, cashier's check, or letter of credit equal to 10% of the bid.

8. OHIO ETHICS LAW

The Prime Contractor agrees that it is currently in compliance and will continue to adhere to the requirements of Ohio Ethics law as provided Ohio Rev. Code Sections 102.03 and 102.04.

9. STATE OF OHIO EQUAL EMPLOYMENT OPPORTUNITY REQUIREMENTS

NOTICE TO CONTRACTORS:

The provisions of the Ohio Administrative Code (OAC) 123:2-3-02 through 124:2-9 regarding Equal Employment Opportunity on State Construction Contracts and State-assisted Construction Contracts, and OAC 123:2-3-02 through 123:2-9 regarding Equal Employment Opportunity and Female Utilization Goals are applicable to this project, and each contractor will be required to comply in all aspects of these provisions.

CERTIFICATE OF COMPLIANCE FOR EEO PURPOSES:

All prime contractors must secure a valid Certificate of Compliance from the Ohio Department of Development prior to execution of a construction contract.

See <https://development.ohio.gov/business/construction-compliance/certificate-of-compliance> for steps for Certificate of Compliance submittal.

>>> Does this bidder have a valid Certificate of Compliance? ___ Yes ___ No

>>> If "No" to the above, will this bidder be able to obtain a valid Certificate of Compliance prior to the execution of a contract? ___ Yes ___ No

Bidder must provide a "Yes" answer to one or the other of the above questions.

BIDDER'S AFFIRMATIVE ACTION REQUIREMENTS:

Contractors and subcontractors with (a) 50 or more employees and a state contract of \$50,000 or more or (b) where a contractor's or subcontractor's state contract exceeds an estimated total cost of \$500,000 and the project is in a geographic area, regardless of the number employees, shall establish an affirmative action program. Chapters 123:2-3 through 123:2-11 of the Ohio Administrative Code requires contractors and subcontractors to implement the following: policies and procedures to maintain a working environment free of discrimination, harassment, intimidation, and coercion; state percentage goals for minorities by trade and by geographic area as well as a 6.9% goal for women statewide in the trades during the performance of a state contracts; and good faith efforts to recruit, hire, and maintain minorities and women.

>>> Has the contractor and subcontractor bidder developed an affirmative action program in conformity with Ohio Adm. Code 123:2-3-04 prior to the bid opening ? ___ Yes ___ No

>>>If "no", with this bid response, the prime contract bidder hereby adopts the minority and female work hour utilization goals and the specific affirmative action steps set forth in 123:2-3 through 123:2-9 of the Ohio Administrative Code.

BIDDER'S EEO COVENANTS:

Throughout its performance of any contract awarded to it on this State-assisted project, the prime contract bidder agrees to the following covenants:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, national origin, ancestry, or sex. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, creed, sex, disability or military status as defined in section 4112.01 of the Revised Code, or color. Such action shall include, but is not limited to, the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship.

The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

- (2) The contractor will in all solicitations or advertisements for employees placed by or on behalf of the prime contractor, state that all qualified applicants will receive consideration for employment without regard to race, creed, sex, disability or military status as defined in section 4112.01 of the Revised Code, or color.
- (3) The contractor will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice to be provided by the State Administering Agency advising the said labor union or workers' representatives of the contractor's commitments under this

covenant and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

- (4) The contractor will comply with all provisions of the Ohio Department of Administrative Services, Equal Opportunity Division and with the implementing rules, regulations, and applicable orders of the Department of Development.
- (5) The contractor agrees to fully cooperate with the State Administering Agency, the Department of Development and with any other official or agency, or the State or Federal government which seeks to eliminate unlawful employment discrimination, and with all other State and Federal efforts to assure equal employment practices under its contract and the contractor shall comply promptly with all requests and directions from the State Administering Agency, the Department of Development and any of the State of Ohio officials and agencies in this regard, both before and during construction.
- (6) Full cooperation as expressed in clause (5), above, shall include, but not be limited to, being a witness and permitting employees to be witnesses and complainants in any proceeding involving questions of unlawful employment practices, furnishing all information and monthly utilization work hour reports required by the OAC 123: 2-9-01 and by the rules, regulations and orders of the Department of Development pursuant thereto, and permitting access to its books, records, and accounts by the State Administering Agency and the Department of Development for purposes of investigation to ascertain compliance with such rules, regulations and orders. Specifically, contractors will submit workforce utilization reports to the State Contracting Agency by the 10th of each month.
- (7) In the event of the contractor's noncompliance with the nondiscrimination clauses of its contract or with any of the said rules, regulations, or orders, its contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further State Contracts or State-assisted Construction Contracts in accordance with procedures authorized in OAC 123:2-3 through 2-9 and such other sanctions may be instituted and remedies invoked, as provided in OAC 123:2-3 through 2-9 or by regulation, or order of the Department of Development, or as otherwise provided by law.

If its contract is terminated for a material breach of OAC 123:2-3 through 2-9 the contractor shall become liable for all damages which shall accrue to the State Administering Agency and Applicant and the State of Ohio because of said breach.

- (8) The contractor will require the inclusion of language reflecting these same eight covenants within every subcontract or purchase order it executes in the performance of its contract unless exempted by rules, regulations or orders of the Department of Development issued pursuant to O.A.C. 123:2-3-02 so that these provisions will be binding upon each subcontractor or vendor. The contractor will take such actions as the Administering Agency may direct as a means of enforcing such provisions, including sanctions for noncompliance; provided, however, that in any litigation with a subcontractor, vendor, or other party because of such direction by the State Administering Agency, the contractor may be requested to protect the interests of the State.

>>>The prime contract bidder hereby adopts the foregoing covenants? ___ Yes ___ No

BIDDER'S CERTIFICATION:

The undersigned, being a duly authorized officer of the prime contract bidder, does hereby certify to and agree with the foregoing statements and covenants regarding its subscription to the State's Equal Employment Opportunity Requirements for State-assisted Construction Contracts.

>>> PLEASE NOTE: Only a bidder possessing a valid certificate will be awarded a contract pursuant to Ohio Rev. Code Chapter 153 by an owner referred to in Ohio Rev. Code § 153.01. Application shall be made at least ten working days prior to the date that the bidder expects to receive the certificate. The bidder's failure to elect one of the two Bidder's Affirmative Action Requirements, adopt the Bidder's EEO Covenants, and complete the foregoing certification may cause the bidder's proposal to be rejected as being non-responsive to the State's Equal Employment Opportunity Requirements and in non-compliance with the State Equal Employment Opportunity Bid Conditions. In addition, the bidder must, prior to the execution of a contract, submit to the local subdivision a valid Certificate of Compliance for Equal Employment Opportunity purposes.

"APPENDIX A" OF THE STATE EEO BID CONDITIONS

MINORITY MANPOWER UTILIZATION GOALS AND TIMETABLES

The following minority goals listed are expressed in terms of percentages of work hours for each trade to be used by the contractor in a designated area. Designated areas are defined as Ohio's Standard Metropolitan Statistical Areas (SMSA). They are Akron, Cincinnati, Cleveland, Columbus, Dayton, Toledo and Youngstown-Warren. In cases where the project is not located in a designated area, the contractor may adopt minority utilization goals of the near/nearest designated area.

"APPENDIX B" OF THE STATE EEO BID CONDITIONS

SPECIFIC AFFIRMATIVE ACTION STEPS

The following Affirmative Action steps are directed at increasing minority utilization:

- (1) The contractor should maintain a file of the names and addresses of each minority and female referred to it by any individual or organization and what action was taken with respect to each such referred individual, and if the individual was not employed by the contractor, and the reasons, therefore. If such an individual was sent to the union hiring hall for referral and not referred by the union or if referred back by the union or if referred, not employed by the contractor, the file should document this and the reason, therefore.

To Demonstrate Compliance: Maintain a file of the names, addresses, telephone numbers, and craft of each minority and female applicant showing (a) the date of contact and whether the person was hired; if not, the reason, (b) if the person was sent to a union for referral, and the results (c) follow-up contacts when the contractor was hiring.

- (2) The contractor should promptly notify the State Contracting Agency when the Union or Unions with which the contractor has collective bargaining agreements does not refer to the contractor a minority or female worker referred (to the union) by the contractor, or when the contractor has information that the union referral process has impeded efforts to meet its goals.

To Demonstrate Compliance: Have a copy of letters sent, or do not claim the union is impeding the contractors' efforts to comply.

- (3) The contractor should disseminate its Equal Employment Opportunity policy within its organization by including it in any company newsletters and annual reports; by advertising at reasonable intervals in union publications; by posting of the policy; by specific review of the policy with minority and female employees; and by conducting staff meetings to explain and discuss the policy.

To Demonstrate Compliance: Have a written EEO policy which includes the name and how to contact the contractor's EEO Officer and (a) include the policy in any company policy manuals, (b) post a copy of the Policy on all company bulletin boards (in the office and on all job sites), (c) records, such as reports or diaries, etc., that each minority and female employee is aware of the Policy and that it has been discussed with them, (d) that the policy has been discussed regularly at staff meetings, and (e) copies of newsletters and annual reports include the Policy.

- (4) The contractor should continually monitor all personnel activities to ensure that its EEO policy is being carried out, including the evaluation of minority and female employees for promotional opportunities on a quarterly basis and the encouragement of such employees to seek those opportunities.

To Demonstrate Compliance: Have records that the company EEO Officer reviews all: (a) monthly workforce reports, (b) hiring and terminations, (c) training provided on-the-job, (d) minority and female employees quarterly for promotion and encourages them to prepare for and seek promotion. The records should be the EEO Officer's job description, reports, memos, personnel files, etc., documenting the activities for possible discriminatory patterns.

- (5) The contractor should disseminate its EEO policy externally by informing and discussing it with all recruiting sources; by advertising it in news media, specifically including minority and female news media; and by notifying and discussing it with all subcontractors.

To Demonstrate Compliance: Have copies of (a) letters sent, at least six months or at the start of each new major contract, to all recruiting sources (including labor unions) requiring compliance with the Policy, (b) advertising, which has the EEO "tagline" on the bottom, and (c) purchase order and subcontract agreement forms will include or make reference to the State EEO Covenant, Appendix A or B of the Ohio Administrative Code 123:2-3-02.

- (6) The contractor should make specific and reasonably recurrent oral and written recruitment efforts directed at minority and women's organizations, and training organizations with the contractor's recruitment area.

To Demonstrate Compliance: Have a record either in a follow-up file for each organization or on the reverse of the notification letter sent under Item 1, above, of the dates, individuals contacted and the results of the contract from telephone calls or personal meetings with the individuals or groups notified under Item 1.

- (7) The contractor, where reasonable, should develop on-the-job training opportunities and participate and assist in all Department of Labor funded and/or approved training programs (including Apprenticeship) Programs relevant to the contractor's employee needs consistent with its obligations in the Bid Conditions.

To Demonstrate Compliance: Have records of contributions in cash, equipment supplied and/or contractor personnel provided as instructors for Bureau of Apprenticeship and Training approved or Department of Labor funded training programs and records of the hiring and training of minorities and females referred to Company by such programs.

- (8) The contractor should solicit bids for subcontracts (and joint ventures) from available minority and female subcontractors engaged in the trades covered by the Bid Conditions, including circulation of minority and female contractors associations.

To Demonstrate Compliance: Have copies of letters or other direct solicitation of bids for subcontracts/joint ventures from minority/female contractors with a record of the specific response and any follow-up the contractor has done to obtain a price quotation or to assist a minority/female contractor in preparing or reducing a price quotation; have a list of all minority/female subcontracts awarded or joint ventures participated in with dollar amounts, etc.

EXPLANATION OF AN ACCEPTABLE AFFIRMATIVE ACTION PROGRAM:

An Affirmative Action Program is a set of specific and result-oriented procedures to which a Contractor shall apply every good faith effort. The objective of those procedures and efforts is to ensure equal employment opportunity. An acceptable Affirmative Action Program will include an analysis of all trades employed by the Contractor within the last year with an explanation of whether Minorities are currently being under-utilized in any one or more trades. A prerequisite to the development of a satisfactory Affirmative Action Program is the identification and analysis of problem areas inherent in Minority employment and an evaluation of opportunities for utilization of Minority group personnel.

Part I - Basic Contents of an Affirmative Action Program:

1. Development or reaffirmation of the contractor's EEO policy in all personnel actions.
2. Formal internal and external dissemination of contractor's EEO policy.
3. Establishment of responsibilities for implementation of the contractor's affirmative action program.
4. Identification of problem areas (deficiencies) by organizational units and job classification.
5. Establishment of goals and objectives by organizational units and job classification, including timetables for completion.
6. Development and execution of action-oriented programs designed to eliminate problems and further designed to attain established goals and objectives.
7. Design and implementation of internal audit and reporting systems to measure effectiveness of the total programs.

8. Compliance of personnel policies and practices with Federal sex discrimination guidelines (41 CFR Part 60-20).
9. Active support of local and national community action programs and community service programs, designed to improve the employment opportunities of minorities.
10. Consideration of ethnic minorities and women not currently in the work force having requisite skills who can be recruited through affirmative action measures.
11. Summary data on applicant flow, hires, terminations and promotions, and training for the last twelve months or the last one hundred applicants, hires, etc., whichever is less.

Part II - Analysis of Individual Trades

1. The minority population of the labor area surrounding (contractor's) projects.
2. The size of the minority unemployment force in the labor area surrounding (the contractor's) projects.
3. The percentage of minority work force as compared with the total work force in the immediate labor area.
4. The general availability of minorities having requisite skills in the immediate labor area.
5. The availability of minorities having requisite skills in the area in which the contractor can reasonably recruit.
6. The availability of promotable minority employees within the contractor's organization.
7. The anticipated expansion, contraction, and turnover of an in the workforce.
8. The existence of training institutions capable of training minorities in the requisite skills.
9. The degree of training which the contractor is reasonably able to undertake as a means of making all job classes available to minorities.

Goals, timetables, and affirmative action commitments must be designed to correct any identifiable deficiencies. Where deficiencies exist and where numbers or percentages are relevant in developing corrective action, the contractor shall establish and set forth specific goals and timetables. Such goals and timetables, with supporting data and the analysis thereof shall be a part of the contractor's written affirmative action program. Where the contractor has not established a goal, its written affirmative action program must specifically analyze each of the factors listed above and must detail its reason for a lack of a goal. The goals and timetables should be attainable in terms of the contractor's analysis of its deficiencies and its entire action. Thus, in establishing its goals and timetables, the contractor should consider the results which could be reasonably expected from its good faith efforts to make its overall affirmative action program work. If the contractor does not meet its goals and timetables, the contractor's good faith efforts shall be judged as to whether the contractor is following its program and attempting to make the program work toward the attainment of its goals.

Support data for the above analysis and program shall be compiled and maintained as part of the contractor's affirmative action program. This data should include applicant flow data and applicant rejection ratios indicating minority status.

Compliance Status: No State Contractor's compliance status shall be judged alone by whether he reaches his goals and meets his timetables. Rather each Contractor's compliance posture shall be reviewed and determined by reviewing the contents of his program, the extent of his adherence to his program and his good faith efforts to make his program work toward the realization of the program's goals within the timetables set for completion.

“APPENDIX C” OF THE STATE EEO BID CONDITIONS

FEMALE UTILIZATION GOALS

OAC 123:2-3-05 Required utilization analysis and goals

- (A) Each state-involved contractor shall include in his/her affirmative action program the information and analysis required pursuant to part IV 401-C of appendix A of rule 123:2-1-01 of the Administrative Code, in addition to female utilization requirements pursuant to the governor’s “Executive Order 84-9” and this rule.
- (B) As required by the governor’s “Executive Order 84-9”, the utilization of women shall be, at a minimum, that currently in use by the federal government as of February 15, 1984. This requirement stated at C.F.R. part 60-4 is 6.9 percent utilization of women. This requirement shall remain at 6.9 percent unless further amended by the governor in a subsequent order. This requirement shall be met by a determination of work hours utilized in the same manner as minority utilization hours are calculated.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

must obtain your correct taxpayer identification number (TIN), which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid).
- Form 1099-DIV (dividends, including those from stocks or mutual funds).
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds).
- Form 1099-NEC (nonemployee compensation).
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers).
- Form 1099-S (proceeds from real estate transactions).
- Form 1099-K (merchant card and third-party network transactions).
- Form 1098 (home mortgage interest), 1098-E (student loan interest), and 1098-T (tuition).
- Form 1099-C (canceled debt).
- Form 1099-A (acquisition or abandonment of secured property).

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

Caution: If you don't return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See *What is backup withholding*, later.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued);
2. Certify that you are not subject to backup withholding; or
3. Claim exemption from backup withholding if you are a U.S. exempt payee; and
4. Certify to your non-foreign status for purposes of withholding under chapter 3 or 4 of the Code (if applicable); and
5. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting is correct. See *What Is FATCA Reporting*, later, for further information.

Note: If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding. Payments made to foreign persons, including certain distributions, allocations of income, or transfers of sales proceeds, may be subject to withholding under chapter 3 or chapter 4 of the Code (sections 1441-1474). Under those rules, if a Form W-9 or other certification of non-foreign status has not been received, a withholding agent, transferee, or partnership (payor) generally applies presumption rules that may require the payor to withhold applicable tax from the recipient, owner, transferor, or partner (payee). See Pub. 515, *Withholding of Tax on Nonresident Aliens and Foreign Entities*.

The following persons must provide Form W-9 to the payor for purposes of establishing its non-foreign status.

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the disregarded entity.
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the grantor trust.
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust and not the beneficiaries of the trust.

See Pub. 515 for more information on providing a Form W-9 or a certification of non-foreign status to avoid withholding.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person (under Regulations section 1.1441-1(b)(2)(iv) or other applicable section for chapter 3 or 4 purposes), do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515). If you are a qualified foreign pension fund under Regulations section 1.897(l)-1(d), or a partnership that is wholly owned by qualified foreign pension funds, that is treated as a non-foreign person for purposes of section 1445 withholding, do not use Form W-9. Instead, use Form W-8EXP (or other certification of non-foreign status).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a saving clause. Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if their stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first Protocol) and is relying on this exception to claim an exemption from tax on their scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 24% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include, but are not limited to, interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third-party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester;
2. You do not certify your TIN when required (see the instructions for Part II for details);
3. The IRS tells the requester that you furnished an incorrect TIN;
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only); or
5. You do not certify to the requester that you are not subject to backup withholding, as described in item 4 under "*By signing the filled-out form*" above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code*, later, and the separate Instructions for the Requester of Form W-9 for more information.

See also *Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding*, earlier.

What Is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all U.S. account holders that are specified U.S. persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code*, later, and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you are no longer tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account, for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Line 1

You must enter one of the following on this line; **do not** leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account (other than an account maintained by a foreign financial institution (FFI)), list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9. If you are providing Form W-9 to an FFI to document a joint account, each holder of the account that is a U.S. person must provide a Form W-9.

- **Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

Note for ITIN applicant: Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040 you filed with your application.

- **Sole proprietor.** Enter your individual name as shown on your Form 1040 on line 1. Enter your business, trade, or "doing business as" (DBA) name on line 2.

- **Partnership, C corporation, S corporation, or LLC, other than a disregarded entity.** Enter the entity's name as shown on the entity's tax return on line 1 and any business, trade, or DBA name on line 2.

- **Other entities.** Enter your name as shown on required U.S. federal tax documents on line 1. This name should match the name shown on the charter or other legal document creating the entity. Enter any business, trade, or DBA name on line 2.

- **Disregarded entity.** In general, a business entity that has a single owner, including an LLC, and is not a corporation, is disregarded as an entity separate from its owner (a disregarded entity). See Regulations section 301.7701-2(c)(2). A disregarded entity should check the appropriate box for the tax classification of its owner. Enter the owner's name on line 1. The name of the owner entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For

example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on line 2. If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, enter it on line 2.

Line 3a

Check the appropriate box on line 3a for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box on line 3a.

IF the entity/individual on line 1 is a(n) . . .	THEN check the box for . . .
• Corporation	Corporation.
• Individual or • Sole proprietorship	Individual/sole proprietor.
• LLC classified as a partnership for U.S. federal tax purposes or • LLC that has filed Form 8832 or 2553 electing to be taxed as a corporation	Limited liability company and enter the appropriate tax classification: P = Partnership, C = C corporation, or S = S corporation.
• Partnership	Partnership.
• Trust/estate	Trust/estate.

Line 3b

Check this box if you are a partnership (including an LLC classified as a partnership for U.S. federal tax purposes), trust, or estate that has any foreign partners, owners, or beneficiaries, and you are providing this form to a partnership, trust, or estate, in which you have an ownership interest. You must check the box on line 3b if you receive a Form W-8 (or documentary evidence) from any partner, owner, or beneficiary establishing foreign status or if you receive a Form W-9 from any partner, owner, or beneficiary that has checked the box on line 3b.

Note: A partnership that provides a Form W-9 and checks box 3b may be required to complete Schedules K-2 and K-3 (Form 1065). For more information, see the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

If you are required to complete line 3b but fail to do so, you may not receive the information necessary to file a correct information return with the IRS or furnish a correct payee statement to your partners or beneficiaries. See, for example, sections 6698, 6722, and 6724 for penalties that may apply.

Line 4 Exemptions

If you are exempt from backup withholding and/or FATCA reporting, enter in the appropriate space on line 4 any code(s) that may apply to you.

Exempt payee code.

- Generally, individuals (including sole proprietors) are not exempt from backup withholding.
- Except as provided below, corporations are exempt from backup withholding for certain payments, including interest and dividends.
- Corporations are not exempt from backup withholding for payments made in settlement of payment card or third-party network transactions.
- Corporations are not exempt from backup withholding with respect to attorneys' fees or gross proceeds paid to attorneys, and corporations that provide medical or health care services are not exempt with respect to payments reportable on Form 1099-MISC.

The following codes identify payees that are exempt from backup withholding. Enter the appropriate code in the space on line 4.

1—An organization exempt from tax under section 501(a), any IRA, or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(f)(2).

- 2—The United States or any of its agencies or instrumentalities.
- 3—A state, the District of Columbia, a U.S. commonwealth or territory, or any of their political subdivisions or instrumentalities.
- 4—A foreign government or any of its political subdivisions, agencies, or instrumentalities.
- 5—A corporation.
- 6—A dealer in securities or commodities required to register in the United States, the District of Columbia, or a U.S. commonwealth or territory.
- 7—A futures commission merchant registered with the Commodity Futures Trading Commission.
- 8—A real estate investment trust.
- 9—An entity registered at all times during the tax year under the Investment Company Act of 1940.
- 10—A common trust fund operated by a bank under section 584(a).
- 11—A financial institution as defined under section 581.
- 12—A middleman known in the investment community as a nominee or custodian.
- 13—A trust exempt from tax under section 664 or described in section 4947.

The following chart shows types of payments that may be exempt from backup withholding. The chart applies to the exempt payees listed above, 1 through 13.

IF the payment is for . . .	THEN the payment is exempt for . . .
• Interest and dividend payments	All exempt payees except for 7.
• Broker transactions	Exempt payees 1 through 4 and 6 through 11 and all C corporations. S corporations must not enter an exempt payee code because they are exempt only for sales of noncovered securities acquired prior to 2012.
• Barter exchange transactions and patronage dividends	Exempt payees 1 through 4.
• Payments over \$600 required to be reported and direct sales over \$5,000 ¹	Generally, exempt payees 1 through 5. ²
• Payments made in settlement of payment card or third-party network transactions	Exempt payees 1 through 4.

¹ See Form 1099-MISC, Miscellaneous Information, and its instructions.

² However, the following payments made to a corporation and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees, gross proceeds paid to an attorney reportable under section 6045(f), and payments for services paid by a federal executive agency.

Exemption from FATCA reporting code. The following codes identify payees that are exempt from reporting under FATCA. These codes apply to persons submitting this form for accounts maintained outside of the United States by certain foreign financial institutions. Therefore, if you are only submitting this form for an account you hold in the United States, you may leave this field blank. Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements. A requester may indicate that a code is not required by providing you with a Form W-9 with "Not Applicable" (or any similar indication) entered on the line for a FATCA exemption code.

A—An organization exempt from tax under section 501(a) or any individual retirement plan as defined in section 7701(a)(37).

B—The United States or any of its agencies or instrumentalities.

C—A state, the District of Columbia, a U.S. commonwealth or territory, or any of their political subdivisions or instrumentalities.

D—A corporation the stock of which is regularly traded on one or more established securities markets, as described in Regulations section 1.1472-1(c)(1)(i).

E—A corporation that is a member of the same expanded affiliated group as a corporation described in Regulations section 1.1472-1(c)(1)(i).

F—A dealer in securities, commodities, or derivative financial instruments (including notional principal contracts, futures, forwards, and options) that is registered as such under the laws of the United States or any state.

G—A real estate investment trust.

H—A regulated investment company as defined in section 851 or an entity registered at all times during the tax year under the Investment Company Act of 1940.

I—A common trust fund as defined in section 584(a).

J—A bank as defined in section 581.

K—A broker.

L—A trust exempt from tax under section 664 or described in section 4947(a)(1).

M—A tax-exempt trust under a section 403(b) plan or section 457(g) plan.

Note: You may wish to consult with the financial institution requesting this form to determine whether the FATCA code and/or exempt payee code should be completed.

Line 5

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns. If this address differs from the one the requester already has on file, enter "NEW" at the top. If a new address is provided, there is still a chance the old address will be used until the payor changes your address in their records.

Line 6

Enter your city, state, and ZIP code.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have, and are not eligible to get, an SSN, your TIN is your IRS ITIN. Enter it in the entry space for the Social security number. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note: See *What Name and Number To Give the Requester*, later, for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at www.SSA.gov. You may also get this form by calling 800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/EIN. Go to www.irs.gov/Forms to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to www.irs.gov/OrderForms to place an order and have Form W-7 and/or Form SS-4 mailed to you within 15 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and enter "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, you will generally have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note: Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon. See also *Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding*, earlier, for when you may instead be subject to withholding under chapter 3 or 4 of the Code.

Caution: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code*, earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third-party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABL accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

What Name and Number To Give the Requester

For this type of account:	Give name and SSN of:
1. Individual	The individual
2. Two or more individuals (joint account) other than an account maintained by an FFI	The actual owner of the account or, if combined funds, the first individual on the account ¹
3. Two or more U.S. persons (joint account maintained by an FFI)	Each holder of the account
4. Custodial account of a minor (Uniform Gift to Minors Act)	The minor ²
5. a. The usual revocable savings trust (grantor is also trustee)	The grantor-trustee ¹
b. So-called trust account that is not a legal or valid trust under state law	The actual owner ¹
6. Sole proprietorship or disregarded entity owned by an individual	The owner ³
7. Grantor trust filing under Optional Filing Method 1 (see Regulations section 1.671-4(b)(2)(i)(A))**	The grantor ⁴

For this type of account:	Give name and EIN of:
8. Disregarded entity not owned by an individual	The owner
9. A valid trust, estate, or pension trust	Legal entity ⁴
10. Corporation or LLC electing corporate status on Form 8832 or Form 2553	The corporation
11. Association, club, religious, charitable, educational, or other tax-exempt organization	The organization
12. Partnership or multi-member LLC	The partnership
13. A broker or registered nominee	The broker or nominee

¹ List first and circle the name of the person whose number you furnish. If only one person on a joint account has an SSN, that person's number must be furnished.

² Circle the minor's name and furnish the minor's SSN.

³ You must show your individual name on line 1, and enter your business or DBA name, if any, on line 2. You may use either your SSN or EIN (if you have one), but the IRS encourages you to use your SSN.

⁴ List first and circle the name of the trust, estate, or pension trust. (Do not furnish the TIN of the personal representative or trustee unless the legal entity itself is not designated in the account title.)

* **Note:** The grantor must also provide a Form W-9 to the trustee of the trust.

** For more information on optional filing methods for grantor trusts, see the Instructions for Form 1041.

Note: If no name is circled when more than one name is listed, the number will be considered to be that of the first name listed.

Secure Your Tax Records From Identity Theft

Identity theft occurs when someone uses your personal information, such as your name, SSN, or other identifying information, without your permission to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax return preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity, or a questionable credit report, contact the IRS Identity Theft Hotline at 800-908-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 877-777-4778 or TTY/TDD 800-829-4059.

Protect yourself from suspicious emails or phishing schemes.

Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 800-366-4484. You can forward suspicious emails to the Federal Trade Commission at spam@uce.gov or report them at www.ftc.gov/complaint. You can contact the FTC at www.ftc.gov/idtheft or 877-IDTHEFT (877-438-4338). If you have been the victim of identity theft, see www.IdentityTheft.gov and Pub. 5027.

Go to www.irs.gov/IdentityTheft to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and territories for use in administering their laws. The information may also be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN whether or not you are required to file a tax return. Under section 3406, payors must generally withhold a percentage of taxable interest, dividends, and certain other payments to a payee who does not give a TIN to the payor. Certain penalties may also apply for providing false or fraudulent information.

Prevailing Wage Determination Cover Letter

County: FAIRFIELD ▼
 Determination Date: 02/28/2025
 Expiration Date: 05/28/2025

THE FOLLOWING PAGES ARE PREVAILING RATES OF WAGES ON PUBLIC IMPROVEMENTS FAIRLY ESTIMATED TO BE MORE THAN THE AMOUNT IN O.R.C. SEC. 4115.03 (b) (1) or (2), AS APPLICABLE.

Section 4115.05 provides, in part: "Where contracts are not awarded or construction undertaken within ninety days from the date of the establishment of the prevailing wages, there shall be a redetermination of the prevailing rate of wages before the contract is awarded." The expiration date of this wage schedule is listed above for your convenience only. This wage determination is not intended as a blanket determination to be used for all projects during this period without prior approval of this Department.

Section 4115.04, Ohio Revised Code provides, in part: "Such schedule of wages shall be attached to and made a part of the specifications for the work, and shall be printed on the bidding blanks where the work is done by contract..."

The contract between the letting authority and the successful bidder shall contain a statement requiring that mechanics and laborers be paid a prevailing rate of wage as required in Section 4115.06, Ohio Revised Code.

The contractor or subcontractor is required to file with the contracting public authority upon completion of the project and prior to final payment therefore an affidavit stating that he has fully complied with Chapter 4115 of the Ohio Revised Code.

The wage rates contained in this schedule are the "Prevailing Wages" as defined by Section 4115.03, Ohio Revised Code (the basic hourly rates plus certain fringe benefits). These rates and fringes shall be a minimum to be paid under a contract regulated by Chapter 4115 of the Ohio Revised Code by contractors and subcontractors. The prevailing wage rates contained in this schedule include the effective dates and wage rates currently on file. In cases where future effective dates are not included in this schedule, modifications to the wage schedule will be furnished to the Prevailing Wage Coordinator appointed by the public authority as soon as prevailing wage rates increases are received by this office.

"There shall be posted in a prominent and accessible place on the site of work a legible statement of the Schedule of Wage Rates specified in the contract to the various classifications of laborers, workmen, and mechanics employed, said statement to remain posted during the life of such contract." Section 4115.07, Ohio Revised Code.

Apprentices will be permitted to work only under a bona fide apprenticeship program if such program exists and if such program is registered with the Ohio Apprenticeship Council.

Section 4115.071 provides that no later than ten days before the first payment of wages is due to any employee of any contractor or subcontractor working on a contract regulated by Chapter 4115, Ohio Revised Code, the contracting public authority shall appoint one of his own employees to act as the prevailing wage coordinator for said contract. The duties of the prevailing wage coordinator are outlined in Section 4115.071 of the Ohio Revised Code.

Section 4115.05 provides for an escalator in the prevailing wage rate. Each time a new rate is established, that rate is required to be paid on all ongoing public improvement projects.

A further requirement of Section 4115.05 of the Ohio Revised Code is: "On the occasion of the first pay date under a contract, the contractor shall furnish each employee not covered by a collective bargaining agreement or understanding between employers and bona fide organizations of Labor with individual written notification of the job classification to which the employee is assigned, the prevailing wage determined to be applicable to that classification, separated into the hourly rate of pay and the fringe payments, and the identity of the prevailing wage Coordinator appointed by the public authority. The contractor or subcontractor shall furnish the same notification to each affected employee every time the job classification of the employee is changed."

Work performed in connection with the installation of modular furniture may be subject to prevailing wage.

THIS PACKET IS NOT TO BE SEPARATED BUT IS TO REMAIN COMPLETE AS IT IS SUBMITTED TO YOU. (Reference guidelines and forms are included in this packet to be helpful in the compliance of the Prevailing Wage law.)

Group 1- Swimming Pools, Pool Decks, Surrounding Sidewalk and Parking Garages.

Group 2:

Skid Steer, Concrete Specialists, Brick Tender, Stone Mason Tender, Plaster Tender, Mortar Mixer and Operator, Cement Mason Tender, Construction Specialist, All Scaffold Builders (Swinging Scaffolds), Lagging, Bush Hammering, Jack Hammer Operator, Air or Electric Pneumatic Tool Operator, Power Driven Tools, Power Buggy Operators, Pouring and Placement of all concrete, Fork Lift Operators, Power Wheelbarrow Operators, Asphalt and Blacktop Rakers, Wrecker/Demolition, Sand Blasting and Chipping, Welders on Demolition, Grade Checkers, a person on a bucket pouring concrete, Guniting Nozzle man, Wagon and Churn Drill Operator, Concrete Saw Operator, Brush Feeders on pulverizers, Pipe Layers, Bottom Man, Laser Gun, Burners, Sand Blasting of concrete, Vibrator Man, Steward, Signal Man, Caisson, Caisson Bottom Man, Piledrivers, Asbestos and Lead Abatement Laborers.

Hazardous Waste (Level B): Any work requiring the following protective equipment must be paid at Group 2 rate,

A protective suit and an Air Purifying Respirator (APR) with the appropriate filter canisters. The ensemble is used when contaminants are reliably known not to be hazardous to the skin and not IDLH (Immediately Dangerous To Life or Health) and correct filter protection is available. This ensemble offers adequate protection for many jobs. Heat stress may be a problem due to inherent restrictions to breathing in an APR. Also, normal job related injury risk will be nearly as high as for Level C Equipment.

Group 3 Hazardous (Level C): Any work requiring the following protective equipment must be paid at Group 3 rate,

A chemically resistant splash suit and a (SCBA) or Airline Respirator. This ensemble is required when the situation is very hazardous, such as oxygen deficient atmospheres, IDLH atmospheres, or confined space entries, but the risk of skin exposure is not as great as in Level D situations. Then Level C ensemble gives the second highest level of protection, but also puts physical stress on the worker; primarily heat stress, reduced vision, dexterity and mobility directly attributable to wearing of the protective equipment. Therefore, in addition to the hazardous material, the hazard of the normal job related injuries is greatly increased.

Group 4 Hazardous Waste (Level D) requiring the following protective equipment must be paid at Group 4 rate, Protective equipment is required when the area has been known to contain extremely toxic contaminants or contaminants unknown but may be expected to be extremely toxic and /or Immediately Dangerous to Life and Health (IDLH). This ensemble includes fully encapsulated chemical suit (moon suit), Self Contained Breathing Apparatus (SCBA), or Airline Fed Respirator, and various types and numbers of boots and gloves, cool vests and voice activated radios are optional equipment sometimes worn. Level D ensembles provide the highest level of protection from contaminants but places the greatest physical and mental stress on the worker. The claustrophobic environment of the moon suit causes anxiety in most people, which greatly increases the already inherent heat stress problems. Also, this ensemble reduces vision, mobility, dexterity, and communication capacity, all of which increases the risk of normal job related injuries, ie., slips, falls, caught between, etc

Hazardous Pay of \$0.25 per hour shall be paid in addition to classifications shown above

Swing Scaffolds (suspended by rope or pulley), and swing scaffolds for grain storage tank or grain elevators, when the work is performed at a height of fifty (50) feet or more above the foundations or grade level, whichever is higher. Caisson work and tunnel work (depth being 15 feet or deeper)

Hazardous Waste Removal & Lead Abatement Workers: Exclusive or "Hot" area with toxic or hazardous materials, when one of the following personal protective equipment ensembles will be required for necessary protection against toxic contaminants. All of the ensembles increase the risks of certain types of worker-related injuries. When Laborers complement another craft receiving premium rate of pay Laborers will also receive premium pay for this "HOT" type of work.
